LATHIGA SRI M.

Electronics & Communication Engineer

Coimbatore, Tamil Nadu | +91 9025326991 | lathigasri956@gmail.com

PROFESSIONAL SUMMARY

Final-year B.Sc. Electronics and Communication Systems student (CGPA: 7.9) with a foundation in software development, embedded systems, and IoT. Hands-on experience with ESP32, Arduino, and web technologies, built through a practical project and two technical internships. Strong problem-solving and communication skills, seeking to contribute to Technical Support, Software, IoT, or Embedded Systems roles as a motivated fresher.

TECHNICAL SKILLS

Programming: C, C++, Java, Python, JavaScript

IoT & Embedded Systems: ESP32, Arduino, Embedded Systems, IoT Circuit Design, Simulation

Web Technologies: HTML, CSS

Tools: VS Code, Arduino IDE, MS Word, MS Excel, PowerPoint

Professional Skills: Problem Solving, Communication, Teamwork, Leadership, Time Management, Adaptability, Decision Making, Critical Thinking

EDUCATION

B.Sc. Electronics and Communication Systems | Sri Krishna Arts and Science College, Coimbatore | *Final Year, CGPA: 7.9*

Class XII | Tamil Nadu State Board | *69%*

Class X | Tamil Nadu State Board | *68%*

PROJECT

Wi-Fi Based Smart Light Control System | *ESP32, Arduino IDE, Wi-Fi, C++, Google Assistant*

- Developed an IoT-based smart lighting system using ESP32, enabling remote control of lighting over Wi-Fi.
- Integrated Google Assistant to enable voice-controlled operation of the lighting system.
- Implemented reliable wireless communication protocols for real-time device control and responsiveness.

INTERNSHIPS

Industrial Internship – IoT & Embedded Systems | SAN Technovation, Perundurai | *7 Days*

- Completed a 7-day industrial training program focused on IoT and embedded systems.
- Gained practical exposure to real-world IoT applications and system design.
- Worked hands-on with Arduino and ESP32 programming.

Embedded Systems with Arduino GPIO – Beginner | Embuzz Technologies

- Learned Arduino programming fundamentals for embedded applications.
- Learned GPIO interfacing for controlling and reading hardware components.
- Built foundational knowledge of embedded systems concepts.

CERTIFICATIONS

Technical Certifications

- NPTEL – Python for Data Science, IIT Madras
- Coursera – JavaScript Programming with React, Node.js & MongoDB
- Embedded Systems with Arduino GPIO – Beginner, Embuzz Technologies
- Spoken Tutorial – Introduction to Computers Test, EduPyramids, SINE, IIT Bombay
- AI Tools & Claude Workshop – Certificate of Participation

Additional Certifications

- National Cadet Corps (NCC) – 'B' Certificate
- RDC, TSC, AIGTC – NCC Certificate
- BSS Diploma in Naturopathy & Yogic Science – Distinction

ACHIEVEMENTS

- International, National, State, and District Level Yoga Champion.
- Represented Bharathiar University in Yoga at the South Zone / All India Inter University Tournament, KIIT, Bhubaneswar, Odisha (2024–2025).
- NCC 'B' Certificate holder; participated in RDC, TSC, and AIGTC NCC camps.
- Holder of Bharathiar University Form-3 Certificate.
- Active participant in Karate competitions.
